## EDUCATION

### FORDHAM UNIVERSITY

Bachelor of Science in Computer Science

Class of 2018

## EXPERIENCE

### DATA SCIENCE RESEARCH INTERNSHIP, GABELLI SCHOOL OF BUSINESS

Data Research Assistant  
Summer 2017

- Collaborated with colleagues to develop thorough research projects focused on data analysis.
- Supervised data analytics research to develop concise concept designs, proposals and final reports.
- Mentored 30 students and led discussions on searching and refining data from online databases.
- Studied data relationships using software, Tableau and Spotfire.

### FORDHAM UNIVERSITY'S INSTITUTE OF AMERICAN LANGUAGE AND CULTURE

Student Assistant  
September 2014-May 2017

- Digitized and catalogued the Institute's academic records, creating a searchable archive.
- Designed interactive data displays to provide visual aids for administrators and students.
- Created spreadsheets and reports to analyze the Institute's metrics.
- Provided technical support for the executive secretary and professors.
- Communicated with prospective and matriculated students about program details.
- Managed user and student data in the program database using Microsoft Access.

### BROOKHAVEN NATIONAL LABORATORY

Intern  
January 2017

- Interviewed scientists to become familiarized with research projects.
- Practiced computer programming for multidisciplinary research purposes using C++.
- Toured scientific facilities and learned about the technology used for scientific advancement.
- Completed daily reports describing the main tasks and accomplishments.
- Organized a detailed presentation on my research interests and overall experience as an intern.

### VERIZON SUMMER ENTREPRENEURSHIP EXPERIENCE

Intern/Tutor-Counselor  
Summer 2016

- Collaborated with a team of students to design an innovative web application for a non-profit organization.
- Tutored 26 high school students in three courses, coding, entrepreneurship and effective speaking.
- Assisted administrators in planning and executing program logistics.
- Provided technical support and user assistance to students and administrators.
- Developed organized systems for daily operational tasks.
